## THAMES WATER UTILITIES WATER QUALITY REPORT - 2014 DATA

Water Supply Zone: SLW20 PECKHAM Zone No.: 112
Population: 54516

Time Period: 01/01/2014 to 31/12/2014

Date extracted: 10/04/2015

### Commentary on Water Quality:

Very good water quality, however one infringement to report for bromate. Our investigations showed the infringement for bromate was transitory at a supplying asset and is not indicative of the quality of water supplied to this zone.

#### NOTES:

For some parameters, monitoring occurs at the supplying Water Treatment Works rather than the Water Supply Zone
