## THAMES WATER UTILITIES WATER QUALITY REPORT - 2014 DATA

Water Supply Zone: SLW27A KINGSTON NORTH Zone No.: 265
Population: 40454
Time Period: 01/01/2014 to 31/12/2014
Date extracted: 10/04/2015

## **Commentary on Water Quality:**

Very good water quality, however one infringement to report for bromate. Our investigations showed the infringement for bromate was transitory at a supplying asset and is not indicative of the quality of water supplied to this zone.

NOTES:				
For some parar	meters, monitoring	occurs at the sup	plying Water Trea	atment Works rather
than the Water	Supply Zone
